## Objective

2014 Design, build and ship awesome web products with great clients using Lean & Agile

## Experience

- Since 2014 **Startup Executive Technical Coach**, *Independent*, Paris, France.  
Coaching startups with their first MVP, future-proof technology choices, assuming an *Interim CTO* / *Lead Developer* role. Lean Startup, Agile, TDD and continuous deployment. [Ruby](#) (Rails)
- 2012-2014 **Senior Software Engineer**, *Applidget*, Paris, France.  
Full-stack lead developer on MobiCheckin, a SaaS product for event organisers. Integration of Mandrill, Mailchimp, Highrise, Esendex and Xing Events APIs. [Ruby](#) (Rails), [JavaScript](#)
- 2010-2013 **Web Software Engineer**, *Auto-Entrepreneur*, Remotely, Earth.
  - Bootstrapping a SaaS product for e-merchants, **Shopboard**, a real-time dashboard with live chat integration. [Ruby](#), [JavaScript](#)
  - Designed, implemented and tested a web CMS for Sogedis, an household appliances spare part company. Hooked it with the ERP Divalto and e-commerce website. [C#](#)
  - Usability testing and funnel optimization on pieces-detachees.sogedis.fr to help growing the e-commerce revenue to more than 250k€ per month.
- 2009-2012 **Software Engineer**, *VirtuOz (Acquired by Nuance)*, Paris, France.
  - Designed, implemented and tested the flagship product *Voice of the Customer* in collaboration with the big data scientists. [C#](#), [JavaScript](#)
  - Implemented best practices with a code review process and solid continuous integration.
- 2008-2009 **Software Engineer Intern**, *Google*, Zürich, Switzerland.  
Built web dashboards to visualize the internal network structure and status. [Python](#), [C++](#)
- 2007-2008 **Web Developer**, *Sogedis*, Rouen, France.  
Designed and implemented from scratch the Sogedis e-commerce. [PHP](#)
- 2007 **Software Engineer Intern**, *VirtuOz*, Paris, France.  
Research Internship in natural language processing. [C#](#)
- 2004-2005 **French Army Officer**, *Brigade des Sapeurs Pompiers de Paris*, Paris, France.

## Education

- 2004-2009 **Master of Science**, *École Polytechnique*, Paris, *Computer Science*.
